Appendix XX: Purpose of Payment Code (IDR)

Foreign currency payment to Indonesia requires specific elements including a purpose code following the Lalu Lintas Devisa (LLD) regulation*. The list of elements and the structure should be the following : FXR + Beneficiary Country of Residence (2 characters) + Beneficiary Category (2 characters) + Purpose Code ("1" or "2" + 3 characters) + Beneficiary affiliation status (1 character).

1. **Beneficiary country of residence** (2 characters) : please input the ISO country code of residence of your beneficiary (Ex : ID)
2. **Beneficiary category** (2 characters) : please input one of the following elements

A0: Personal
B0: Government
C2: Overseas HSBC
C9: Other Banks
D0: Non-Bank Financial Institution
E0: Corporate
Z9: Other

3. **Purpose code** ("1" or "2" + 3 characters)

1. The "1" or "2" represents the codes to be applied to payments and receipts for a counterparty located in Indonesia. "1" should be used for receiving payment in Indonesia. "2" should be used for making payment from Indonesia. If you are making your payment from a European country to Indonesia in USD for example, you should put the number 1 in front of the purpose code.
2. The full list of 3 characters purpose code is available below in this appendix.

4. **Beneficiary affiliation status** (1 character) : please input one of the following elements

N: Non affiliated
P: Shareholder
T: Overseas subsidiary
G: Company within group

* Lalu Lintas Devisa (LLD) regulation : regulation set in place for foreign exchange traffic, which is the flow of foreign currency (not IDR) into and out of Indonesia.
